## **Race Across Michigan**

On March 21<sup>st</sup> and 22<sup>nd</sup>, MRun ran *184 miles* across the state of Michigan in *22 hours and 27 minutes!* We set off before sunrise to start the relay in Detroit. After reaching the Ice Cube in Ann Arbor, we met up with our friends from the Special Olympics. The trek continued along Michigan's roads and trails as the sun went down and Saturday turned to Sunday. Finally, the relay concluded and the First Congressional Church of South Haven kindly let us stay to rest up before heading back home to Ann Arbor. This great accomplishment could not have been achieved without the combined efforts of all involved. Together, we were able to raise **\$17,913** for **The Special Olympics!** Thank you to everyone who fundraised or participated, and to our coordinators, Shannon and Taylor, who set this year's RAM up for success.
